Summary

A Frontend Developer specializing in creating dynamic, responsive, and user-friendly web applications using React.js and Next.js. Proficient in building intuitive user interfaces, leveraging Tailwind CSS for efficient and modern styling. Experienced in integrating frontend solutions with backend services, ensuring seamless user experiences. A dedicated learner of backend development, with foundational knowledge in Node.js and Express, aiming to build full-stack applications. Committed to solving complex challenges, optimizing performance, and crafting robust, scalable web solutions.

Education

PMAS Arid Agricultural University

November 2025

Bachelor of Science in Computer Science

Current CGPA: 3.94/4.0

Minors: Software Engineering, Cloud Computing, Blockchain, App Development, Artificial Intelligence, Data Science

Course Work

- **Web Development** (ReactJS, NextJS, Node Frameworks), **Core Computer Science** (Networking, Object-Oriented Programming, Data Structures and Algorithms, System Analysis), **Cloud Integration and Backend Services** (Node, Express), **Artificial Intelligence** (Data Mining, Machine Learning), **Programming Languages** (Python, Dart, Java, C++), **Mathematics** (Calculus I, Multivariable Calculus)

Skills

- **Core Competencies:** Web Development, Single Page Applications (SPA), Responsive Design, Progressive Web Apps (PWA)
- **Programming Languages:** JavaScript, TypeScript, HTML5, CSS3
- **Frameworks and Libraries:** React.js, Next.js, Tailwind CSS, Redux, Axios
- **Development Tools:** Git/GitHub, Visual Studio Code, Webpack, Babel, ESLint
- **API Testing Tools:** Postman, Insomnia
- **Project Management Tools:** JIRA, Trello, Asana, Slack
- **CSS Frameworks:** Tailwind CSS, Bootstrap, Material-UI
- **Version Control Systems:** Git, GitHub
- **Basic Backend Knowledge:** Node.js, Express, RESTful APIs

Projects

Ease Retail

September 2024 – October 2024

- **Tech Stack:** NextJS, TailwindCSS, Node.js, Git, VS Code
- Developed a portfolio for UAE Business Dealers.
- Experimented with animations to enhance user engagement.
- Collaborated with teammates and livestreamers for feedback and feature suggestions.
- Focused on improving UI/UX experience.

Profounders

July 2024 – December 2024

- **Tech Stack:** TypeScript, NextJS, TailwindCSS, Node.js, Git, VS Code
- Developed a unique point-of-sale system.
- Experimented with dynamic functionalities and project optimization.
- Collaborated with teammates and livestreamers for feedback and feature suggestions.
- Focused on optimizing module functionalities.

Intelliwriter

August 2023 – June 2024

- **Tech Stack:** TypeScript, NextJS, TailwindCSS, Node.js, Git, VS Code
- Developed a full-stack web application for AI-generated content, similar to GPT-4.
- Experimented with various AI content generation modules, integrating them on the frontend.
- Collaborated with teammates and livestreamers for feedback and feature suggestions.
- Worked on improving UI/UX experience.

GPTProfessor

January 2024

- **Tech Stack:** ReactJS, NextJS, TailwindCSS, Express, MySQL, Git, VS Code
- Developed an AI-generated content module to assist users with tasks.
- Implemented the latest UI modules and integrated backend for a full-stack web application.
- Optimized UI and user experience.

NotifyMeNow

February 2024

- **Tech Stack:** ReactJS, TailwindCSS, Express, MySQL, Git, VS Code
- Developed a portal for sending bulk emails or messages to multiple recipients.
- Implemented the latest UI modules and integrated backend for a full-stack web application.
- Optimized UI and user experience.

Experience

Full Stack Developer & Project Manager

Present

Ease Zen

- **Tools Technologies:** ReactJS, NextJS, TailwindCSS, Node.js, Git, VS Code, JIRA
- Served as both a Project Manager and Frontend Developer, leading the development of multiple web applications.
- Coordinated cross-functional teams to ensure timely delivery and optimal performance of projects.
- Implemented user-centric designs to enhance user experience and engagement.

Frontend Developer & Team Lead

June 2024 – October 2024

SMB Digital Zone, UAE

- **Tools Technologies:** ReactJS, NextJS, TailwindCSS, Git, VS Code
- Led frontend development efforts, boosting user experience across multiple projects.
- Collaborated with international teams to deliver high-quality, scalable web applications.
- Focused on optimizing application performance and accessibility.

Frontend Developer & Team Lead

January 2023 – June 2024

Robx.ai

- **Tools Technologies:** ReactJS, NextJS, TailwindCSS, Git, VS Code
- Led a team of developers and interns, driving the completion of several innovative projects.
- Mentored junior team members, fostering growth and skill development.
- Ensured the integration of best practices in UI/UX design and frontend development.

Intern

August 2023 – September 2023

InfoAidTech

- **Tools Technologies:** Python, Git, VS Code
- Gained practical experience in Python, contributing to various development tasks.
- Assisted in the design and testing of software solutions, enhancing technical skills.
- Collaborated with senior developers to understand the application of Python in real-world scenarios.

Certificates

Web Development Bootcamp

2023

App Brewery

- Completed an intensive bootcamp focusing on modern web development using ReactJS, NextJS, and TailwindCSS.
- Gained proficiency in state management, responsive UI/UX design, and integrating APIs using best practices.

Certified ScrumMaster (CSM)

2022

Scrum Alliance

- Acquired certification in Scrum methodologies, enhancing project management skills in Agile environments.
- Demonstrated expertise in sprint planning, team collaboration, and agile project delivery.

Project Management Essentials

2022

Udemy

- Gained comprehensive knowledge of project management principles, tools, and techniques.
- Applied project management frameworks to improve team coordination, resource allocation, and project outcomes.
